STANLEY HEALTHCARE SOLUTIONS INTRODUCES NEW WEBSITE

Indianapolis, IN – February 8, 2010 - Stanley Healthcare Solutions, a division of The Stanley Works, announces its redesigned website: www.stanleyhealthcare.com. The new website integrates the entire Stanley Healthcare Solutions product portfolio for Resident Safety, Patient Security and Storage & Inventory Solutions in a more clear and user-friendly format for new and existing customers.

“Bringing all of our well-known brands together into one site underscores that Stanley Healthcare Solutions is an important presence in the healthcare industry,” states Teresa May, President of Stanley Healthcare Solutions.

“Our unique brands such as the WanderGuard® departure alert system, Hugs® infant protection system and Stanley InnerSpace healthcare storage systems are already leaders in their respective markets, and now our customers will see that we offer a range of other solutions focused on the unique needs of the healthcare market.”

“Healthcare is a strategic growth platform for Stanley Security Solutions, and the new web site is an important step in continuing to build the reputation and identity of Stanley Healthcare Solutions,” continues May. “We are now positioned to continue our growth, and expand our range of products and services for the healthcare industry.”

###

About Stanley Healthcare Solutions

Stanley Healthcare Solutions is a leading provider of safety, security, and supply chain management solutions for healthcare. Our market-leading products are trusted by thousands of hospitals and senior care facilities worldwide. Our smart storage solutions include supply/procedure carts, cabinets and casework, small carts, open storage, heavy-duty storage, and inventory management systems. In the senior care market, Stanley Healthcare offers a full range of resident safety applications, including wander management, fall management and emergency call. Our suite of patient security products provides individualized protection to patients in multiple departments, from newborns in the obstetrics to adults in the emergency department. As one of Stanley's growth platforms, Stanley Healthcare Solutions will continue to expand its range of specialized products and solutions for healthcare, building on our years of experience in meeting the needs of clinical users, and the Stanley legacy of quality and innovation.

About Stanley Security Solutions

Stanley Security Solutions, a business division of The Stanley Works, is a provider of integrated access control and security solutions for institutional, commercial and industrial businesses and organizations. With a strong emphasis on service, Stanley Security Solutions delivers a comprehensive suite of security products, software and integrated systems directly to end user customers. Stanley Security Solutions is committed to extending its position as a leading comprehensive resource for a broad and extensive array of solutions that span the entire security spectrum.
