SECURITY THAT'S TOP OF ITS CLASS

# Your Trusted Partner For Campus Security

## WHO WE ARE

---

Simply put, we're your neighbors. With over 75 locations across North America, STANLEY service providers live and work right in your community and care just as much about the safety of our students and educators as you do. We've shown this dedication to providing comprehensive security solutions for over 83 years. Our trusted STANLEY Security campus advisors have helped secure hundreds of campuses across North America. Our commitment to providing comprehensive solutions, support, and service is unwavering, and we look forward to working in your community. We hope to continue to earn your trust and team up with you to design a best-in-class solution that helps your campus become a safer learning environment.

## WHY WE'RE HERE

---

As a leading security provider, STANLEY Security understands the security needs of schools, colleges, and universities like yours and has experience in developing and implementing a solution customized to meet your individual needs. We realize that you are looking for powerful solutions for student and staff safety, emergency communication and mass notification, crisis management and response, and assistance with compliance efforts. We also know that building and site access control, residence hall and classroom security, and theft and vandalism prevention are essential to your campus security plan. Let us help you protect your students, employees, and facilities so you can focus on what's really important — education.

## CAMPUS STANDARDS DEVELOPMENT

What makes STANLEY most unique is the way we partner with institutions of higher learning to help you develop security standards across your campus, and plan every aspect of your security program. In addition, we provide software support, consultation, and integration, as well as system design, installation, and monitoring to help you achieve your security goals.

### 1 Discovery

We work with you to understand your present situation, challenges, and current on-site technologies.

### 2 Best Practices

With many higher education partners and decades of experience, we can share how other campuses like yours are handling similar security challenges.

### 3 Technology

As a leader in the security industry, we can share information on cutting-edge technologies available on the market today and how they may interface with your current equipment.

### 4 Goal Setting

We partner with you to determine what you'd like your security program to look like in 3-5 years including technology, policies, and procedures.

### 5 Security Standards

Together, we develop functional security standards and an optimized safety and security plan to meet the security goals of your campus.

*"The value of sitting uninterrupted by daily business and solely committing to a standards review is of great value... We look forward to doing business with STANLEY in the future regarding the unifying of our disparate physical security systems into one platform while employing our new standards."*

*Assistant Director, Physical Security,  
Binghamton University*

*"It truly was a great investment of our time to go through the STANLEY Higher Ed Experience and meet with you and the team. It is apparent that STANLEY Security is not just another "vendor" and your team goes out of its way to find solutions to the ever changing security issues that are being experienced on today's college campuses."*

*Assistant VP Campus Security and Emergency  
Response Management, Berry College*

*"Their professional employees not only asked insightful questions into our thought process in creating our standards, but assisted us in changing and revising our standards based on best accepted practices used throughout the country."*

*Emergency Management Coordinator,  
Aquinas College*
