Higher Education Partners

Here is an example of one of over 7,000 campuses Stanley secures.

Trinity University, San Antonio, TX

In order to meet the higher demands for student safety, as well as the need for convenience and efficiency for facility managers, Trinity University partnered with Stanley Security to develop a comprehensive access control solution. With more than 400 online doors, nearly 500 Basis® off-line locks, and 56 cameras installed, Trinity University has committed to electronic access excellence on campus in ways that are forward-thinking and cost-efficient.

“The Basis G product exceeded our expectations,” states Director of Business Operations for Trinity University. “We found it to be extremely flexible, and the powerful software packages that we received for alarm monitoring far exceeded anything that we could get from anyone else.”

**EyeLock Iris Biometrics**

Revolutionary EyeLock iris identity authentication captures iris code data at a distance while in motion, providing the most advanced, cost effective, and efficient biometric identity authentication system available.

**AeroScout RTLS**

AeroScout Real Time Locating System uses your existing Wi-Fi network to provide complete enterprise visibility over a single unified solution, combining a wide variety of location, status, and condition information about valuable mobile assets.

**Sonitrol Audio Intrusion**

Sonitrol Audio Verified intrusion systems provide the monitoring center with valuable audio information when an alarm is activated. With wall to wall, and floor to ceiling volumetric protection, Sonitrol intrusion detection reduces false alarms and provides valuable insight to law enforcement.

**Commander PSM**

Campus Commander is a comprehensive, engineered physical security information management solution. It uses proven non-proprietary software platforms and integrates with most security, facilities, information, and notification systems. Our graphical, real-time, touch screen solution simplifies and streamlines disparate systems on a campus.

**Basis G Standalone Lock**

Used for residence halls, BASIS G by Best Access Systems brings a more efficient way to manage access to students’ rooms. Plus, improve security with audit trail capability.

**ID Express**

ID Express, Stanley’s student check-in kiosk provides students with all-hour access to self-issue temporary room cards conveniently, saving on staffing and administration costs.

**STANLEY Access Technologies**

Automated sliding and swinging entrances offer controlled egress and ingress while supporting ADA compliance. Innovative door controller microprocessor technology integrates with your school’s security system. Specialized ballistic resistant doors and security revolving doors are available for high-risk facilities. Full door breakout is available for emergency egress.
