Security Solutions

PROTECTING WHAT'S IMPORTANT TO YOU™

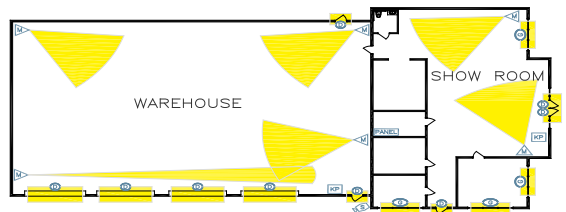

1

Traditional—Digital

Stanley is a leading provider of conventional security solutions. Our Traditional security offering provides a proven and economical solution to many security needs. Utilizing industry standard detection equipment installed strategically throughout a facility, an alarm signal is immediately transmitted to the Stanley ProtectionNet™ Customer Service Center when a break-in is detected. Affordable and effective, a Stanley Traditional solution is a smart choice for targeted security protection.

Stanley Traditional Security Provides:

- A Proven Security Solution
- Industry Standard Equipment
- Digital Alarm Signal Technology
- Enhanced Call Verification (ECV) Alarm Dispatch
- Online Real-Time Account Information
- Strategic Security Device Placement

A SECURITY TRADITION

Stanley has the expertise to supply superior, cost-effective solutions that meet all of your needs.

- *Deter Criminals Before They Enter*
- *Focused and Strategic Protection*
- *Award-Winning Service & Technology Provider*
- *An Integrated, Scalable Solution*

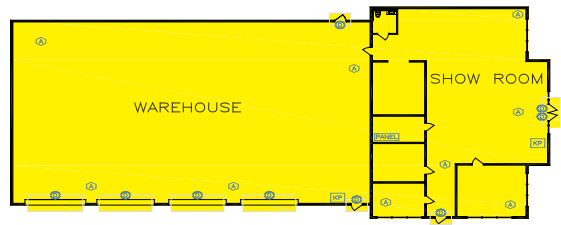

2 Advanced—Audio

Stanley is the only national company that can provide award-winning Sonitrol audio verified technology. Our unique and advanced audio-based monitoring can determine if a break-in is in progress or if a false alarm has occurred. Our advanced audio service delivers the highest number of police apprehensions and the lowest rate of false alarm dispatches in the security industry. With over 160,000 apprehensions and counting, Stanley's Advanced Audio Verification provides unparalleled protection and an outstanding return on investment.

Sonitrol Audio Verification Provides:

- Fast Police Response
- Highest Police Apprehension Rate
- Lower False Alarm Rate
- Advanced Sonitrol Audio Alarm Signal Technology
- Priority Police Dispatch
- Verified Response
- Online Account Information
- Integrated Access Control

A SOUND ADVANTAGE

Sonitrol operators verify alarms, call police and stay in contact to provide real-time intelligence.

- Volumetric Coverage—floor to ceiling, wall to wall protection
- An Apprehension Every 90 Minutes
- 20% of Apprehensions are Made Prior to Entry
- Audio Impact Technology
